Tuesday 13 April CLUBNIGHT VISIT

This month's clubnight is a visit to the power station on West Marsh Road, Spalding run by the Spalding Energy Company.

Paul Pollard, who works at the station, has kindly arranged this visit for us. Numbers are limited so, if you haven't yet booked your place, please give Paul a call 01406 373734 or email him at jean_and_paul@hotmail.co.uk. 7.30 pm start.

Editorial

An audience of around 50 people supported the Jaguar Drivers' Club talk given by Warwick Banks last month. Warwick gave us an overview of his 50 year (!) career in racing, which included partnering Jackie Stewart in Ken Tyrrell's F3 team and winning the European Touring Car Championship in 1964. Thanks to Warwick for an interesting insight into his experiences. Thanks also to the JDC for organising the evening and inviting SEECCC members.

I hope to see many of you at this month's clubnight where Paul Pollard has kindly arranged a visit to the Spalding power station, please book now if you still wish to secure one of the few remaining places available.

Also this month we have our first real event with our Drive it Day Run and display at the Baytree Garden Centre at Weston. Entry forms accompany this News. Please send these in to me as soon as possible and we look forward to seeing you there.

Alan Lyon has just released the Classic Car Run regulations for our major annual event in June which will finish at the Nene Valley Railway. If you have entered before, these will be dropping through your letterbox shortly – or you can download the details from the website.

Finally, a reminder that, if you fail to renew your subscription, your membership will lapse at the end of April, making this your final edition of News. Please contact Joy Mann on 01775 723856 if you still need to do this. Thanks.

Adrian Cunnington

- Brian Gilham has recently made a couple of 'MG' & 'Westfield' signs for his garage (example pictured right). If anybody is interested in something similar for their own make of car for their garage, either internally or externally, then he will consider making some. The signwriting would be undertaken by fellow Club member Steve Luxton.

Brian says he has not worked out a price yet, as it would depend on the amount of interest and the complexity of the logo(s). But for further information, or just to express an interest, please see him at a future Club event or email him at statusdesign@tiscali.co.uk.
