## *SEECCC appears at local shows*

Many thanks to everyone who was involved in supporting our recent stands at Boston Classic Car Show, Sleaford Classic Car Show and Moulton Park Show in August and September.

We had a lot of interest on a very sunny day down at Graves Park, Kirton for the Boston event and Steve Saunders reports an excellent turn out of members at Moulton Park too.

We will be looking for help once more in 2011 so we asked David Shepherd, one of several volunteers at Boston, to demonstrate the hardest element of the work involved when manning the SEECCC stand at a show...
