FROM THE CHAIR

Apologies for the delayed arrival of your News. July has flown by with lots of activity within the Club, starting with John & Hilary Sidebottom's club night run to The Baskervilles at Baston which was well supported, despite the iffy weather, and provided us all with an excellent meal and lots of chat. Our thanks to all concerned.

Soon after came the Steeplechase Run kindly organised by Tom Webster and John Chamberlain. A sunny day was a novelty but, sadly, I couldn't attend. It is clear from our correspondent's report that an ex-phone box had an influence on proceedings, as you can find out on page 2.

This month again has a packed calendar with two Sunday shows at Boston and Stamford sandwiching our own Trundle into the depths of Norfolk on Sunday 21st. Before that we also have Terry Carter's run to the classic car night at The Granary near Helpston but please note this is on Wednesday 10th - not the usual second Tuesday. Later in the month we are also returning to The Mermaid at Surfleet for our noggin and natter.

We hope to see you out and about at one or more of these events. Let's keep our fingers crossed for an improvement in the weather!

THE MYSTERY OF THE DISAPPEARING PHONE BOX...

Sunday 17th July dawned bright, sunny and warm to welcome fourteen cars at Waterside Garden Centre at Baston.

Tom Webster and John Chamberlain, plus Pam and Shirley, had put together a 'Steeple Chase' for our entertainment. Officially a steeplechase is a horse race over hedges and ditches across country, the goal of which was originally a distant church steeple. On this occasion, the organising team had considered the limitations of our horse power and conveniently omitted the hedges, leaving only the ditches. Well, I suppose a wet ford could substitute for a ditch!

Welcoming two new members in the shape of Malcolm and Popsy Wells with their gorgeous red E-Type and two semi-new members, Phil and Jean Treversh with their ideally suited equestrian Land Rover County, the crews headed off on the fifty mile route via fourteen churches in order to name the Saint to which they are dedicated.

Taking in a particularly scenic route via steeples in Langtoft, Greatford, Carlby, Little Bytham, Burton le Coggles, Bassingthorpe, Bitchfield, Ingoldsby, Lenton, Sapperton, Pickworth, Walcot, Braceby and Ropsley - some of which I'd never heard of, let alone visited - the run was particularly enjoyable, even without the ecclesiastical challenges! Two members of our Norfolk contingent were so impressed by the area covered, particularly Greatford, they would even consider moving there!

Clearly Saturday night revelry was rife in Walcot village, as some miscreant had removed a telephone box from the village green since the instructions were checked, causing much head scratching from participants, but the next steeple was in view, so the chase continued!

A roast lunch was well received at the appropriately named Fox and Hounds pub at Old Somerby, but a tie breaker was required to find a winner. As none of the leading entrants could remember how many weather vanes they had seen throughout their sortie, a common surname apparently appeared in one graveyard, which was noted by the winning crew. So congratulations to Team Shallice (Sally and Chris) in going that extra step and committing the name 'Wakely' to memory banks!

All in all, another superb Spalding Classic Car Club production, this time in the hands of Messrs Chamberlain and Webster. Thanks.

JOURNEY TO THE (OTHER) END OF THE EARTH...

Stephen M Lloyd added 15 new photos to the album RSC 63.
19 June · 1

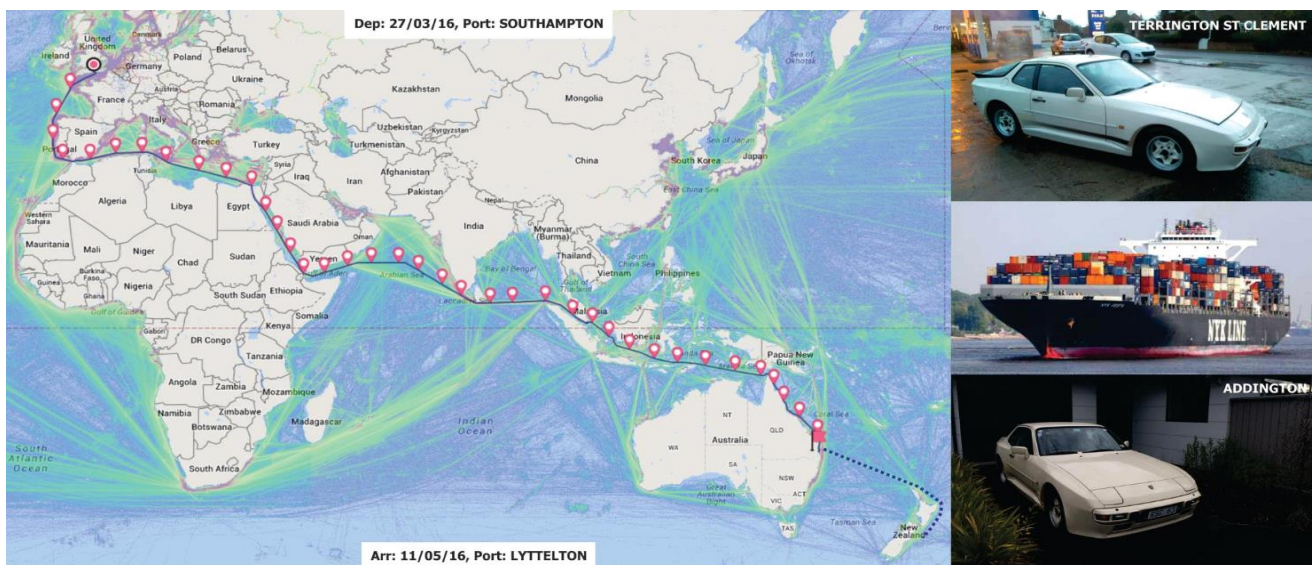

The long journey is finally over. It started back in September 2015, when my late Godfather Robin Clarke told me of his terminal illness, and that he was gifting me his beloved Porsche 944 Coupe. He sadly passed away suddenly in October.

Whilst back visiting 'home' at Xmas, I decided that the car should join me in NZ.

After 14,179 nautical miles, many emails, forms, pounds, and dollars, RSC 63 has made it's first appearance on the roads of my other home.

Thank you to everyone who helped in this exercise; you know who you are!

Many members will remember Robin Clarke's **Porsche 944** which he and Gillian would regularly bring to shows and runs. Sadly Robin died last year and he left the car to his godson. It has now followed Stephen Lloyd, from Terrington St Clement, near King's Lynn, out to his 'other home' in Addington, near Christchurch, NZ. The car arrived there just a few weeks ago...

Yours isn't the only one still going, Nigel! This **Renault 16** was seen taking a break just off the A1 near Stamford a week or two ago.

AND FINALLY...

There are some interesting vehicles, as ever, coming up in the next classic car auction at King's Lynn's Anglia Car Auctions on 27th August. Everything from barn finds to exotica and some that seem quite familiar. The estimate on this one made my eyes water a bit...
