Chair-Mann's CHATTER

Joy Mann jmann@seeccc.co.uk

Well, July certainly got off to a flying start when a whole host of SEECCC members motored down to Norfolk, then on to Suffolk for the KLDMC big day out. Dodging spots along the route and once again enjoying the camaraderie of these events.

A glorious day greeted us for another Bulwick Bacon Bap Run on the 11th and Charles & Celine Cornish's evening club night run on the 20th was also enjoyed by those who ventured out to drive the mammoth 35 mile route.

Unfortunately, Nigel and I were doomed from the start (long story which I won't bore you with!) and we were only about 8 miles from the finish when the road was closed right before our very eyes with no hint of a suitable diversion route. So, Teams Mann, Tucker and Treversh did a very inelegant about

turn and were guided via mobile phone link by Team Cunnington who were already enjoying a pint at the pub! Final Mann trip-read 51 miles!!

We eventually arrived at The Plough in North Kyme to a round of applause and very welcome refreshments (... and loos!!), great food and very good company. Our thanks to Charles and Celine for finding another superb hostelry.

August events are also in abundance for those wishing to venture out. More info in this news. I'm delighted to see we already have a cracking line up for our Annual Run, our big day out, on the 15th.

Finally, my sincere thanks to all those who've renewed their SEECCC subs, we're chuffed to have you back on board. Please do let us know if there are other events / venues you'd like to see included in our calendar.

I look forward to seeing you at one of our forthcoming events but, in the meantime, do take care.

Sunday 3 October Corby Glen Sheep Fair

► HISTORIC PETITION

Club member Peter Fryer advises: There is currently a petition running online to **lower the historic vehicle age to 30 years to align us with Europe**, it currently has just 14,000 signatures and it needs at least 100,000 to be considered for debate in the House of Commons.

Just search **Historic Vehicle Petition** or follow this link to the [UK Gov](https://www.gov.uk/petitions) site to vote. Sign up and encourage all your friends, relatives etc to do the same. If you belong to any other car-related sites, please post on them. The whole classic car industry will come under increasing threat due to the green lobby until the Government understands just how many toes (and businesses) they are treading on.

► PETROL CHANGE

New petrol regs from 1 September are moving standard petrol on UK forecourts to 10% ethanol (E10) which won't suit a lot of classics. **Beware: some pumps have already been converted!** The E5 version we have all been using in recent years will only be available as the 99 octane variant. <https://www.gov.uk/check-vehicle-e10-petrol>

► SILVERSTONE CLASSIC – RACE RELATIONS?

Thanks to **Patrick Limming** for shots of the recent Silverstone Classic event. Ed's sibling and occasional Club member **Adam Cunnington** (Lotus Cortina) was snapped in a 3-way dice with a couple of Minis, while our Hon President's son **Robert Oldershaw** is seen campaigning their ex-PMS Rover SD1.
