A big 'Hello!' from the SEECCC HQ..... where we are still giggling about the Wiltshire shenanigans but sensible enough to appreciate we do need to crack on as there's so much stuff to cogitate and plan for the 2026 calendar.

October is usually a good month for me as I celebrate my birthday on the 5th and always look forward to the seasons and the colours changing. I never know whether

we'll have bright sunshine or a touch of frost and it was certainly very chilly chez Mann this birthday!

As you may recall, I am a lucky girl, married to a "Good Egg" ... but he's also the most unromantic man, a chap who really doesn't see birthdays as a big deal. In the early years of our dalliance, he was certainly mega-enthusiastic but a 2005 marriage and his fervour evaporated almost overnight. This year, however, I was pleasantly surprised to discover an exciting prezzy on the horizon... Very expensive, rave reviews, shiny, metallic, German I was really quite excited. I hadn't anticipated we would be changing "Sparky", my all-electric i3, we hadn't actually broached the topic of new wheels but as Empty Garage Syndrome still exists here chez Mann I was putting 2 and 2 together ...and getting 7! Please see evidence of my gift on the next page...

The 5th rolled round and I was greeted with tea in bed, a couple of hilarious cards (Well, he thinks they are.....!) and the flip comment that I am "Well preserved for an old biddy!" you can see the error of his ways, I'm sure.

All was not lost as we headed off to Waterside for a very enjoyable Sunday morning SEECCC brunch meet and on the 16th we held a film night at the Tigers bar where we raised another £97 for charity. Thanks to all who supported these events.

The rest of October has bimbled by and the temptation to insert my birthday present where the sun don't shine has often been overwhelming! Coupled with me picking up some sort of lurgy which left me with the most horrendous "Kennel Cough!!", an even shorter fuse and a desire to tell everyone to Foxtrot Oscar, you can well imagine the usual harmonious atmosphere here at home was most definitely AWOL.

The printer became the next villain of the peace swiftly followed by our brand new, top of the range toaster that decided to churn out striped toast. The supplier very swiftly despatched a replacement and that was just as entertaining leaving a very quirky egg-timer shaped black bit on each slice. Fork and fire now somehow seem appealing...

Then, this morning, I've had the reality check I needed. No fanfare, just a simple task, pinning my poppy on my coat.... a little symbol of all we should be so very grateful for. So, enough of my whinge-fest. Please come and join us at one of our events. I promise to be Joy-ful once more.

Hope to see you soon, bye for now.

Our 2026 Club charity

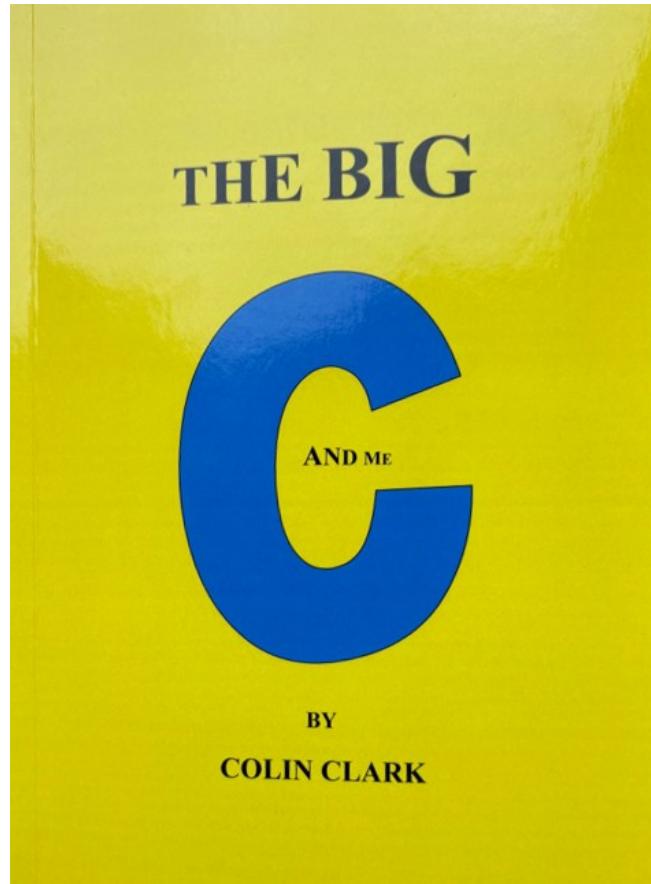

The Club Committee decided at its October meeting that the Club's nominated charity for its 2026 activities will be **Prostate Cancer UK**.

A South Holland author, who is also an SEECCC member, has put pen to paper to outline his very personal battle with prostate cancer in a book being sold to raise money for two charities.

Under the pen name of Colin Clarke, the author said he gave the whole project a lot of thought before embarking on documenting his diagnosis and treatment for stage 4 prostate cancer. "At first I wanted to keep my condition quiet, as I didn't want to re-live the whole thing every time I spoke with someone, but an event soon after my diagnosis changed my opinion, and I have become something of an evangelist; urging or even nagging men of a certain age to get their PSA checked," he said.

Colin said he didn't even know what PSA stood for (prostate specific antigens) when he was diagnosed. He had no idea what the level should be. So he is sharing his journey to raise money for Macmillan Cancer Support and Prostate Cancer UK.

You can get a copy and donate to the Club's nominated charity for 2026 at the same time by sending £10 (or more) to our Chair & Treasurer, Joy Mann, at jmann@seeccc.co.uk
